# REPO SYSTEMS Facts & Information

#### PlateTrax Mobile App

Need to physically be able to locate where a vehicle has been or currently is?

PlateTrax can help Lenders, Recovery Agents, Title Loan Companies, Bail Bonds, Private Investigators, Skip Tracers and Law Enforcement with a HISTORY of where a vehicle may have been.

PlateTrax was developed to assist those in the collateral recovery industry in locating assets that they are currently looking for, i.e. BOLO's or "be on the look out".
